

A MATTER OF BALANCE

MANAGING CONCERNS ABOUT FALLS

Do you have **concerns** about **falling**?

Attend a workshop for help!

Many older adults experience concerns about falling and may restrict their activities because of these fears. **MATTER OF BALANCE** is an 8-session workshop designed to improve balance, flexibility, and strength, helping people reduce fall risks, strengthen their confidence, and become more active.

In an educational support-group style, **MATTER OF BALANCE** helps people to:

- *View falls and fear of falling as controllable*
- *Set goals for increasing activity*
- *Make changes to reduce fall risks*

Participants also learn and practice exercises to help with balance
